## 2020 Campaign Update

**With your help Teams4u managed to collect and export  
48,756 shoeboxes!**

**Last week the final lorry was loaded up with 8,811 shoeboxes and headed off to Dover. As we know just before Christmas, Dover port ground to a halt due to Brexit and Covid restrictions which made it impossible to send them in December.**

**Thankfully I have just heard from our partner Alex, that the lorry has arrived at the Romania Moldova border**

**TOTAL  
48,756**

In Romania all the shoeboxes have now been distributed in Bihor and Arad counties which are both in the northwest of the country. Our partners Raul in Oradea and Alexandra in Arad have worked tirelessly to get the boxes to those communities that needed them the most.

**Alin receive his shoebox in Uileacu de Criş, Bihor, Romania.**

**In Arad, Alexandra has sent back the following pictures whilst distributing shoeboxes.**
